

Sevnica, Krajna Brda - Extensive 52,700 m² Estate with Development Potential for a Farm, Ranch or Family Homestead

EUR 119.000,00

Property details

Type:	Land
Land included:	52700 m ²
Region:	Posavje
City:	Sevnica, Krajna Brda

Description

Approximately 6,000 m² of land within the dispersed settlement area offers the possibility to build a residential building, a small homestead, a hospitality or tourism-related facility, or several smaller auxiliary structures.

The remaining 46,700 m² comprise high-quality agricultural land (fields and meadows), with no forest, suitable for various types of farming, gardening, livestock breeding or equestrian use.

The estate is suitable for developing:

- an organic farm or vegetable production center,
- a ranch or equestrian facility,
- a larger family homestead with potential for self-sufficiency.

The location offers a calm, natural environment and a wide range of possibilities for a long-term, secure investment with strong development potential.

Price: €119,000

The layout and boundaries of the included parcels are shown on the attached map (informative).
