Equipment and features

- **Multi-split air conditioning:** Each room has heating and cooling. External air conditioning units are installed on the roof and are not visible from outside.
- **Underfloor heating** in bathrooms and selected rooms.
- **Storage rooms:** Large apartments (S2 and S4) also include a storage room. It can be added to apartments S1 and S3.
- **Windows and doors:** PVC and aluminum frames in "QUARZGRAU/RAL7039" color. Large apartments feature lift-slide aluminum glass walls in the living room, while other sliding doors are made of high-quality PVC from the leading German manufacturer SALAMANDER, with six-chamber profiles and triple sealing.

- Fireproof and burglar-resistant aluminum entrance doors.
- Electric shutters in QUARZGRAU/RAL7039 color, with mosquito nets on every window.
- High-quality ceramic tiles throughout the apartments and staircases.
- External security cameras at entrances and parking areas.
- Pre-installation for alarm system in ground floor apartments (activation for an additional €1,000).
- Parking space for each apartment. Larger apartments (S2 and S4) are equipped with two parking spaces.
- Apartment S2 has the option for a small pool (3x5 m).

The apartments have large covered terraces that offer spacious outdoor areas instead of typical small and cramped balconies. The design prioritizes natural light, achieved through large windows and open spaces.
